Contents

- A theoretical proposal for the relationship between context and disease (Frohlich, Corin and Potvin) 776
- Blurring the boundaries: breastfeeding and maternal subjectivity (Schmied and Lupton) 234
- Categorisation and micro-rationing: access to care in a French emergency department (Vassy) 615
- Categorising to exclude: the discursive construction of cases in community mental health teams (Griffiths) 678
- Changing faces: nurses as emotional jugglers (Bolton) 85
- Clinical actions and financial constraints: the limits to rationing intensive care (Lapsley and Melia) 729
- Contemporary legends, rumours and collective behaviour: some neglected resources for medical sociology? (Dingwall) 180
- Everyday experiences of implicit rationing: comparing the voices of nurses in California and British Columbia (Bourgeault, Armstrong, Armstrong, Choiniere, Lexchin, Mykhalovskiy, Peters and White) 633
- Genetic screening in maternity care: preventive aims and voluntary choices (Jallinoja) 286
- Governmentality and risk: setting priorities in the new NHS (Joyce) 594
- How 'we' are different from 'them': occupational boundary maintenance in the treatment of musculo-skeletal problems (Norris) 24
- Illness and other assaults on self: the relative impact of HIV/AIDS on women's lives (Ciambrone) 517
- Illness narratives: fact or fiction? (Bury) 263
- Interviews and biographical time: the case of long-term HIV nonprogressors (Pierret) 159
- Introduction: A sociological perspective on rationing: power, rhetoric and situated practices (Light and Hughes) 551
- Invisible women? The importance of gender in lay beliefs about heart problems (Emslie, Hunt and Watt) 203
- Looking good, feeling good: the embodied pleasures of vibrant physicality (Monaghan) 330
- Non-biomedical health care practices in the State of Morelos, Mexico: analysis of an emergent phenomenon (Nigenda, Lockett, Manca and Mora) 3
- Normality, risk and the future: implicit communication of threat in health surveillance (Lauritzen and Sachs) 497
- Norms for priority setting among health professionals: a view from Norway (Lian) 357
- 'Oh, those therapists will become your best friends': maternal satisfaction with clinics providing physical, occupational and speech therapy services to children with disabilities (Green) 798

Operationalising the collection of ethnicity data in studies of the sociology of health and illness (Aspinall)	829
Prescribing and the defence of clinical autonomy (Britten)	478
Print media coverage of environmental causation of breast cancer (Brown, Zavestoski, McCormick, Mandelbaum and Luebke)	747
Rationing health care to disabled people (Albrecht)	654
Rationing through risk assessment in clinical genetics: all categories have wheels (Prior)	570
Sociological imperialism and the profession of medicine revisited: where are we now? (Williams)	135
'So why are you here?' Assessing risk in HIV prevention and test decision counselling (Kinnell)	447
Sporting cancer: struggle language in news reports of people with cancer (Seale)	308
Subverting criteria: the role of precedent in decisions to finance surgery (Heritage, Boyd and Kleinman)	701
System induced setbacks in stroke recovery (Hart)	101
The limitations of a negotiation model for perimenopausal women (Massé, Légaré, Côté and Dodin)	44
The role of the menopause in women's experiences of the 'change of life' (Ballard, Kuh and Wadsworth)	397
Treatment decision-making during the early stages of heart attack: a case for the role of body and self in influencing delays (Clark)	425
'We mustn't judge people ... but': staff dilemmas in dealing with racial harassment amongst hospice service users (Gunaratnam)	65
Review Article: Nursing and sociology: an uneasy marriage (Allen)	386
